Date: 05/04/2026

To,

Buldhana District

Proposal of On Grid Solar Power Plant.

Estimate No : JST/26-27/00013

About Jambuvant Solar Tech

Welcome to Jambuvant Solar Tech, Your trusted partner in solar solutions. Established in 2019, we have been at the fore front of the solar energy revolution, providing comprehensive services in Engineering, Procurement, Construction (EPC), and Operations & Maintenance (O&M). With a cumulative turnover of over 3 crore plus, we have established ourselves as a leading player in the renewable energy sector.

Our Services

Engineering, Procurement & Construction (EPC) Our EPC services encompass the entire project lifecycle, from feasibility studies and design to procurement and construction. We manage each project meticulously to ensure timely and cost-effective execution.

Operations & Maintenance (O&M) Our O&M services are designed to optimize the performance of solar installations. Through regular maintenance, monitoring, and troubleshooting, we ensure that our clients' solar assets operate at peak efficiency.

Join Us in Building a Solar-Powered Future

As a forward-thinking solar EPC and O&M company, Jambuvant Solar Tech Energy invites you to join us in the journey to wards a cleaner, more sustainable future. Contact us to explore how we can collaborate on realizing your solar energy goals. Together, we can harness the power of the sun to create a brighter tomorrow.

Our Vission

“Empowering India with a brighter, Sustainable future through Solar / Wind Energy.”

Our Mission

“Delivering affordable and reliable solar solutions to build a greener nation.”

JAMBUVANT SOLAR TECH

QUOTATION

Proposal of 5 Kw 1 Phase on Grid Solar Power Plant.

Bill of Materials			
	Discription & Item	**Make**	**Qty**
1	Solar Modules (590 Wp+)	Waaree Topcon NDcr Bifacial Panel	9 Nos.
2	On Grid Inverter (5 Kw, 1 Phase)	Sunsathi / Shakti	1 Nos.
3	Solar Modules Mounting Structure	HDG+Galvalume Make 3PX2 Table GL 1200MM, Tilt 18°	1 Set.
4	Acdb Box, Dcdb Box Cable Tray	Mcb : Havells / Schineder / Polycab. Spd : Phoinex / Havells / Elemax / Finder. Fuse : Sunseed / Havells /	1 Set.
5	Ac Cable (4 Sqmm 1C) Dc Cable (4 Sqmm 1C)	Polycab / RR / KEI / Waacab /	80 Mtr.
6	Earthing Set : Rod 17.2mm cu bonded- 3 Nos, Pit Cover - 3 Nos, LA - 1 Nos, LA Stand,Earthing Cable 16 Sqmm-100 Mtr.	Standards.	1 Set.
7	PVC Pipes Set	Polycab HMS / Modi HMS /Great White	20 Nos.
8	Net Metering Arrangement.	Standards.	1 Nos.
9	Meter Box,Generations Meter, Mcb,Mcb box,Black Screw,Pvc glands	Standards.	1 Set.
10	Installations	Standards.	1 Set.

Subsidy : non subsidy plant

Per kw Rate : 45,913

Sub Totol : 2,29,568

Gst Amount : 20,431

Project Cost : 2,50,000

Add – GAT NO 95 AT POST SOLU, ALANDI-MARKAL ROAD TAL KHED DIST PUNE MH (27) 412105

Safety & Standards

Safety is a core value in the Jambuvant solar tech. We ad here to the highest standards of safety and work in a way that takes into account, methods to mitigate and eliminate the risks and hazards that arise during the course of Solar Rooftop Installations at your facility.

1.Inverters complying with the latest safety standards in the Industry

Anti-Islanding Protection / Grid Regulation	VDE-AR-N 4105; VDE 0126-1-1
EMC	EN 61000-6-2; EN 61000-6-4
Safety	IEC 62109-1/-2
Efficiency	IEC 61683: 1999
Environmental Testing	IEC 60068-2-1; IEC 60068-2-2; IEC 60068-2-14; IEC 60068-2-30; IEC
	60068-2-6; IEC 60068-2-21; IEC 60068-2-78 (As Per MNRE/SECI Requirement)
Ingress Protection	IEC 60529

2.Other In-built Protections in Inverters.

AC/DC Disconnection Switch	Yes
Ground Fault Monitoring / Grid Monitoring	Yes
DC Reverse Polarity Protection	Yes
DC and AC Over Voltage / Current Limitation Protection	Yes
DC and AC Short Circuit Protection	Yes
DC String Fuse (Positive & Negative)	Yes, PV Fuse – 1000V, 25A
Surge Protection – Inbuilt	Yes, Type 2 DC – (One for each MPPT) & AC input.

3.Breakers are used at Grid Interface Panel (GIP) and Inverter interface panel (IIP) levels in the required number to provide optimum protection to the electrical system.

4.Al Cables complying with ISO 9001-2008 and OHSAS 18001-2007 standards are used, in compliance with standard industry safety requirement.

5 DC Cable Safety Standards

Low Smoke emission	As per IEC 61034 / EN50268-2
Flame Retardant	AS per IEC 60332-1 /UL 1581 1061 / VW1
Fire load	As per DIN 51900
No Hazardous and toxic substance	As per EU-Directive 2002/95/EG (ROHS) / PAK
Weight	60 Kg ± 10%
Estimated Life	30 Years

Terms & Conditions

Price basis

This is F.O.R Destination

Taxes & Duties

The above price is exclusive of all taxes.

Delivery and Execution

Within 1-7 weeks from the date of your technical and commercial clear purchase order along with advance. If the advance payment is not made as per the terms and conditions or if any of the payment eligible is not made in time or if the technical specifications are changed during the execution of the order within the available in time or if subsequent changes, which delay the delivery, then the time limit will be extended proportionately.

Packing

The price is inclusive of Packing. Packing shall be done as per our standard practice.

Validity of Offer

This order is valid for 10 days from the date of offer and there after it will be subject to our reconfirmation.

Warranty

We will provide 5 (Five) Year Warranty effective from the date of purchase order against all defects in components, material and manufacturing supplied by us. We will undertake all repairs / replacements of the goods parts as required during the warranty period at free of cost to you.

Warranty for Solar PV Modules and Inverter

We pass on the product warranties from Solar PV Module and Inverter Manufacturers back-to-back to the client.

The warranty shall not apply to defects resulting from:

1. Wilful damage or negligence, normal wear and tear,
2. Installation and/or maintenance by Purchaser or a third party without supplier's prior written consent,
3. Misuse or abuse of Equipment.

Limitation to Liability

Our liability in respect of any defect or failure of the equipment supplied thereto, is limited to making good by replacing or repairing defects which under proper use appear therein (provided the equipment is installed, operated, maintained as per our instruction manual) and arise solely from faulty design, materials or workmanship within warrantee period. At the termination of which period, all liability on our part shall cease.

Right and Lein of Property

We shall retain the right on equipment, materials or parts supplied by us under this quotation until full value thereof as per our invoice has been fully paid to us as per terms and conditions.

Insurance

For the offered supplies and services, Jambuvant Solar Tech Energy shall cover insurance for marine- cum- storage-cum-erection through appropriate erection all risk policy for all offered items till commissioning. On commissioning of the solar power plant, suitable asset insurance will have to be arranged by Customer at its ownwer cost since the asset is in the name the customer.

Terms of Payment

- 60% of the total work order value as advance along with PO/LI.
- 35% of the total work order value after material readiness before dispatch.
- 5% of the total work order value after successfully completion and commissioning of the project.
- Cancelled charge of system 10% of the project cost.after purchase order.

Bank Account Details

- Name : Jambuvant Solar Tech
- A/C No : 42640023288
- IFSC Code : SBIN0020008
- Bank : State Bank of India
- Branch : Court Road Ambad
- Type : Current Account
- Prop. : Datta S. Sangule

Thank You
